

Dear Ksenia,

With grateful hearts, we say farewell as you begin this new chapter in another country.

Your dedication, warmth, and unwavering support as our Parent Teacher Association President have meant so much to our school community. Your leadership was not only seen in the events you helped organize or the initiatives you supported, but also felt in the kindness, care, and genuine connection you brought to every meeting and conversation.

You have been a bridge between parents and the school, strengthening our community with your positivity and collaborative spirit. Your presence will truly be missed. It is not only for what you have done, but for who you are.

As you embark on this new journey, we send our very best wishes to you, your husband, and your children. May this new chapter bring exciting opportunities, happiness, growth, and beautiful new memories for your whole family.

Please know that you will always remain a cherished part of our school family.

With heartfelt appreciation and warmest wishes,

With love,
MSB Community
